

BPA241 Counting Scale

Accurate, fast, economical

Easy to operate

The clear keyboard layout and the logically structured software makes the BPA241 a simple to handle counting scale.

Large and bright display

14.44 mm / 0.5" LED-displays allows easy readability of weight, unit weight and quantity.

For manifold applications

The BPA241 is a suitable scale for inventory control and a perfect fit in your stock rooms and shipping receiving departments.

When accuracy counts

The BPA241 Counting Scale displays the perfect blend of ruggedness for the industrial environment and portability for operator convenience.

It is a good choice for simple weighing, counting and checkweight/check-quantity tasks and offers a great price/performance ratio.

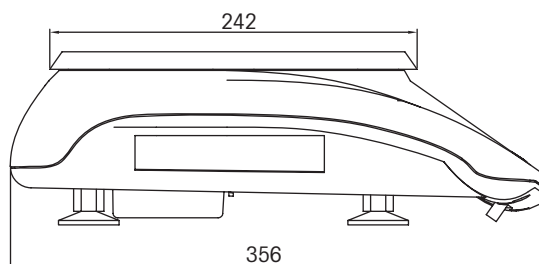

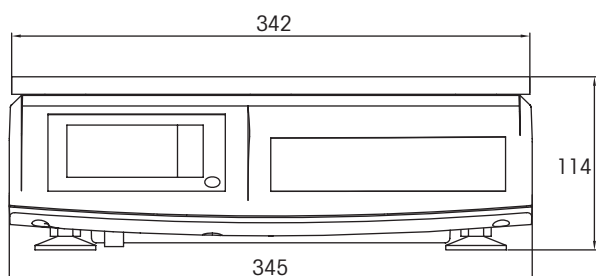

The integrated average piece weight and alarm functions make accurate counting easy.

The rechargeable battery pack allows for flexible and self-contained operation anywhere in the facility.

BPA241 Counting Scale

Features

- Bright easy to read display
- Robust construction
- Large stainless steel platter
- Average Piece Weight (APW) enhancement
- Ergonomic 20 membrane keyboard
- Parts accumulation
- Easy to carry
